- **Manning**

- **Concern is manning does not equate to workload across the board. Skill set assigned often does not paint the accurate picture**
  - **Comments/recommendations**

## ■ **Training**

- **Overwhelming requirement for training in both the normal day-to-day BEE duties and responsibilities but moreover, upgrade training for the new BEE Techs. Documentation of that training is also a concern.**
- **EXAMPLE: New equipment set and difficulty in maintaining proficiency in that set is one major concern.**
